

# TUR

SPIRIT OF ADVENTOURING

NEW COLLECTION 2024

EN

## Passion

It is the Spirit of adventouring that guides our choices: from materials, to colours, to product names. T.ur is a brand designed, coveted and uncompromisingly made for all motorcyclists, from those aiming for the podium in desert rallies to those who enjoy a motorbike ride with friends.

## Quality

T.ur products are thought out in every detail, made from the best materials and tested both on and off-road for thousands of miles, so that you can ride for longer without losing focus.

## Style

A design that recalls the spirit of history-making rallies is fused with the most modern technologies and materials. T.ur has a unique style inspired by a hunger for exploration, adventure and freedom.

## THE INSPIRATION.

The spirit of the rallies that have become legend is blended with cutting edge technology.

## A MARK OF STYLE ON THE ROAD.

Vintage from a distance. Modern and technical from close up. The *T.ur* style makes a name for itself on the motorcycle scene with a unique design.

*Jacopo Cerutti*  
*The fastest Italian rally*  
*rider in the business.*

 [jacocerutti15](#)

## JACOPO CERUTTI

# SPIRIT OF ADVENTOURING

For Jacopo Cerutti, *the Spirit Of Adventouring* is about exploring new roads, it is about riding without too many thoughts in your mind and without expectations, it is about encountering the unknown: the Italian rally biker loves to go on adventures on his motorbike. "Be it on the other side of the world or close to home, the important thing is to lose yourself".

Alessandro Botturi

*The rider who marked the history  
of enduro in Italy.*

botturialessandro

## ALESSANDRO BOTTURI FINDING NEW WAYS

For the last six years, we have been designing and developing with Alessandro Botturi T.ur clothing for the coming rallies. “Il Bottu” is passion and rationality, impetuosity and self-control: that’s why our products can tackle any weather situation, combining safety and comfort, style and practicality.

# TECHNOLOGIES

Every adventure starts with meticulous preparation. Just focus on your next trip, because T.ur products are CE motorcycle certified and developed with the highest quality materials.

## IMPACTON®

IMPACTON® makes soft & flexible materials to provide shock and vibration absorption for motorcycle gloves. It is made of special polyurethane that provides extreme impact protection with comfortable fitting, adapting to hands shape and returning to original shapes.

## SAFE TECH

Safe And Free Everywhere

Easyflex by Safe Tech protectors offer extreme flexibility, ventilation and lightness and are almost imperceptible inside the clothing in terms of thickness and weight. Keeping you protected without you even noticing it.

## YKK®

With an obsessive and very Japanese quest for quality, YKK has quickly become a world leader in the industry. The secret of its excellence makes it the world's most sought-after zip supplier.

**HYDROSCUD®**  
100% WATERPROOF AND BREATHABLE

*T.ur* has adopted **HYDROSCUD®**, the patented system, to ensure **100% waterproofing and breathability**.

An exclusive construction which combines coated fabrics with taped seams and waterproof flaps.

**Watertight construction.**

**Taped seams.**

**High-performance materials.**

**High breathability.**

## DROP SAFE

**DROP SAFE** is a special teflon treatment applied to the fabric surfaces to improve water repellence. It makes water run off the fabric instantly and accelerates drying time without modifying weight, appearance, softness, colour or breathability. It also improves stain and gnat resistance.

## POLY STRONG

Made from 100% polyester, **POLYSTRONG** is a latest-generation synthetic yarn that guarantees excellent tenacity and resilience as well as resistance to abrasion, creasing and heat. Thanks to a low liquid absorption coefficient, it does not absorb humidity and is therefore waterproof and dirt resistant.

## XTR-M

**XTR-M** is a medium/thick mesh for outer shells. It is ultra-resistant to abrasion, tearing and wear while being flexible and extremely comfortable thanks to high elasticity. XTR-M has a low specific weight and is both water repellent and light.

# A D V E N T U R E

---

Overcome all obstacles, driven by the curiosity to explore new places, enjoy unexpected encounters and perhaps go somewhere no one has ever been. In order to feel at one with your bike and nature, it is important to choose products made from materials that offer unparalleled performance, with attention to even the slightest of details.

# ROADBOOK HYDROSCUD®

3-LAYER JACKET, EN 17092:2020 CERTIFIED - CLASS AA

Main jacket

Removable and wearable as a stand-alone garment down jacket

HYDROSCUD® IN&OUT membrane

CE CERTIFIED EN 17092:2020

HYDROSCUD® 100% WATERPROOF AND BREATHABLE

Main zip & connection zip

Sizes: S - 4XL

GREEN - DARK ANTHRA  
00 140 2020

BLUE - ICE  
00 140 2015

## OUTER SHELL

- The main fabric is made of Polystrong 600D Pro, with Drop Safe treatment.
- Presence of parts in high tenacity Profiber stretch fabric.
- Presence of high-tenacity Xtr-M mesh inserts.
- Presence of leather inserts on the forearm, from elbow to wrist.

## INTERNAL LAYERS

- The membrane is HYDROSCUD® 100% waterproof and breathable and is IN&OUT, removable to be worn also outside over the jacket.
- The down jacket is made of nylon, with polyester staple filling, and is removable and wearable as a stand-alone garment.
- The fixed inner lining is made of breathable, perforated polyester.
- Modular docking system.

## VENTILATION

- At the front 3 air intakes.
- At the back 2 AIRFLOW SYSTEM air intakes.
- Two AIRFLOW System ventilation holes on the sleeves, adjustable through zips.
- On the front, double fastening system, with ASC (Air Stripe Construction) zip.

## SAFETY

- The protectors on the shoulders and elbows are EASYFLEX - Level 2.
- Attachment system for CPS back protection - Level 2 (optional - Code T8024).
- Presence of high-visibility reflective zones.

## COMFORT

- 3 pockets (2 waterproof) on the front + 1 large pocket on the back.
- 7 pockets inside + 1 mobile phone pocket.
- Adjustments on arm, forearm and waist.
- The collar with soft insert is equipped with a micrometric closure and an anti-flapping attach.
- Elastic device for connecting jacket to pants, with universal zip.

- **Waterproofness:** 10,000 mm
- **Breathability:** 7,000 g/m<sup>2</sup>/24h

## RAINPROOF

---

A sudden change in weather may frighten some, but not a T.ur rider: with rain suits and garments, you have 100% protection from water and moisture, breathable membranes that keep you dry, and prints that increase visibility and safety in foggy conditions. The destination is not always around the corner, but it seems closer if you travel dry.

All the measurements are in cm.

## GENERAL SALES CONDITIONS

These general terms and conditions apply to the sale of all products listed in the attached catalogue by Mandelli Srl. Modifications or changes to these general terms and conditions, or different conditions proposed by the customer, including order forms, shall not be valid unless expressly authorised in writing by Mandelli Srl.

Mandelli Srl reserves the right to amend these general sales conditions at any time, as well as the right to change the specifications or photographs of the products illustrated in this catalogue without prior notice.

The photos in this catalogue are for identification purposes only. The content of this publication may be not updated. No liability is accepted for errors or inaccuracies in this catalogue.

The reproduction of this catalogue or any part thereof by any means whatsoever is strictly prohibited.

In the event of on-line sales, the customer undertakes to acknowledge and retain these terms and conditions of sale in accordance with the provisions of Art. 3 and 4 of Legislative Decree 185/99 on remote sales.

### ORDERS

Orders must be received via INTERNET ACCESS, E-MAIL or ORDER SHEET, indicating the complete item code for correct processing.

Acceptance of the order is subject to the "subject to approval by the seller" clause. Orders, changes or additions must be submitted through the following contacts:

[order2.INT@mandelli.net](mailto:order2.INT@mandelli.net)

Orders will be processed subject to availability at the time with no guarantee of settlement. In the event of momentary unavailability of some products ordered, they will be sent to the customer as soon as possible.

Claims for missing or damaged goods during transport will not be accepted if the carrier's delivery note does not state the type of dispute or reserve for verification. The goods travel at the buyer's risk even if sold free port.

Placing an order implies the customer's acceptance, without reservation, of the general terms and conditions of sale.

### PRICES

Prices are those in effect on the date of the order, are not binding, and may be updated, subject to prior notice, in case of changes of costs. Prices are for delivery of goods ex works, packaging excluded, unless otherwise agreed in advance.

### PAYMENTS

Payments shall be made to our tax residence, in the form and manner stipulated in the order acceptance. Non-fulfilment, even partial, of the terms of payment by the purchaser entitles us to suspend all pending sales orders. Interest on late payments will be charged at the current bank rate plus expenses.

### WARRANTY

Mandelli Srl guarantees that the products supplied are properly manufactured and functional. The warranty is automatically void in the event of tampering, incorrect assembly or use in racing competitions. The guarantee does not cover damage resulting from direct or indirect consequences of malfunctioning of the parts supplied and does not go beyond credit or replacement of the products found to be faulty. Mandelli Srl accepts no liability, nor does it recognise any compensation for damage occurring during the use of the products, even if they are found to be faulty.

### RETURNS

Any form of complaint, requests for product returns for defects or wrong deliveries must be received no later than 8 (eight) days after receipt of the material.

The return document must contain all delivery details. (Date • Delivery note number • Item code • Reason for return • Return authorisation number). Returns not previously authorised or incomplete will not be accepted. Unauthorised returns will be returned to the sender at the recipient's charge.

Returns shall also not bear any type of customer identification label, including those relating to sales prices, shall not have any security tags and shall be intact and clean in all their parts and adequately packed for transport. Any processing due to removal of labels, security tags or other will be charged to the customer.

All directions necessary for the formulation of the return are in any case visible in the 'RETURNS' section of the B2B website, which can be consulted in the reserved area. TO MAKE RETURNS FOLLOW THE SPECIFIC DIRECTIONS.

### Contacts ITALY:

[Resi.moto@mandelli.net](mailto:Resi.moto@mandelli.net)

DIRECT PHONE: +39 0362 17.97.835

Contacts ABROAD:

See Customer service contact section.

### OWNERSHIP

All goods shipped remain the property of Mandelli Srl until full payment of the relevant invoices.

### COMPETENT COURT

These general conditions are governed by Italian law.

Any dispute relating to these "General Terms and Conditions of Sale" shall fall under the exclusive jurisdiction of the Court of Monza
